--------------	---

## BULGARIA

Is entry possible?	Entry is possible.
Do vaccinated visitors need additional testing?	No, unless you are coming from a red-list country (for example if you come directly from Taiwan you do not need it). Romania is on green list and no additional documents are required, but most European countries are on red list (only EU citizens can enter Bulgaria from red list countries).
Which vaccinations are approved?	Bulgaria follows EU regulation. EU approved vaccines are Pfizer-BioNTech, Moderna (mRNA-1273), AstraZeneca/COVISHIELD. Janssen
What kind of certificate is acceptable?	EU digital certificate or certificate that has the following information included (type of vaccine, number of shots, date of last shot. Must be in English).
Can non-vaccinated guests enter?	Yes, but only if they have negative PCR test or proof of overcoming Covid and come from green or orange list countries.
Other things we need to know?	Entry from red list countries is only possible for EU citizens. Apart from Romania all neighboring countries (Greece, Serbia, North Macedonia and Turkey) are on the red list so Taiwan passport holders can not enter.
Where can I find official information?	Visit bellow link for updated information: <a href="https://bit.ly/3H44Gyc">https://bit.ly/3H44Gyc</a>

## SERBIA

Is entry possible?	Entry is possible.
Do vaccinated visitors need additional testing?	Serbia only allows entry from countries with which they have an agreement. Currently there is no agreement with Taiwan so Serbia does not recognize vaccination or proof of overcoming from Taiwan. All vaccinated visitors must present a negative PCR test.
